Packaged Strawberry Plants

Fancy, bright colored label. Full planting instructions on back of each label.

We have developed a new type of Strawberry package for over-the-counter trade.

This package is not a bunch of Strawberry plants wrapped up—plants are individually laid in moss and rolled up so that plants will not come in close contact with each other and rot out the center of the bundle.

Under normal conditions plants can be kept on the counter for **two weeks** without any loss. Can be held longer if watered.

Plants shipped in wire-bound crates. Standard container holds 20 packages (500 plants). Shipping weight is about 1¼ pounds per package.

No heated plants under any condition. Can be watered from the top if necessary. Excess water runs out of bottom.
